

Please find my responses below.

1. Yes, I am in favour of increasing the 2% proportion of the budget for Community Centres. They are a vital part of the Council, and should therefore be invested in.

2. Yes, I would support equitable funding of all community centres.

3. Yes, I wish for all council buildings to have solar installed at Council expense. It is the path for Council reaching net zero emissions.

4. I do support community centre notices and programmes to be included in Unley Council publications at no cost to the provider.

5. Absolutely, with proper consultation on the names with First Nations people.

6. Yes.

Please do not hesitate to contact me if you have any further questions.

Kind regards,
